# What Is A Silver Award?

- It's the highest award you can earn as a Cadette
- Requires 50 hours
- Requires a Take Action project

# The Storm Drain Stenciling

- The storm drain markers are all washed away, or weren't placed in the newer sections of the neighborhoods
- We need new ones so people are reminded not to put litter down the drains
- In Townsend Village 1 and 2 and Townsend Station

# Why Do Storm Drain Markers Matter?

- Everything that goes down the storm drain goes straight to our waterways
- People litter things like plastic bags, grass clippings, oil, etc.
- Storm drain markers remind people not to put things down the storm drains that hurt the environment

# Impact of Litter On Wildlife

- Litter can sometimes look like food to wildlife
- Wildlife can get caught in the litter
- Some types of litter (like grass clippings) can impact water quality and cause algae to bloom

# Budget

- We need to know how many drains there are in these neighborhoods to know how much to ask from the Town of Townsend
- We are asking for money for markers and adhesive
- We are going to provide the labor to glue the markers on ourselves we just need the money/supplies to put them on

# Safety

- We will wear safety vests
- We are going to stay in the grass or sidewalk while applying the markers
- We will put cones in the street near where we are working
- We have insurance through Girl Scouts
